The student is able to describe diagrams, processes and data contained in charts and tables as well as write an essay presenting a clear overview of their arguments..

### MARKING PROCEDURE

**Each category is marked, points awarded and then scores totalled.**

However, if the writing fails to address the **topic** – only **ACCURACY** will be marked (i.e. student can be awarded **up to 4 points**).

### **WORD COUNT**

At **C1 Academic level** Exam students are asked to write **200-250 words**.

The student is allowed to write 5% fewer words than required and 10% more words than allowed. If the task calls for 200-250 words - the writing should have no more than 275 words and no fewer than 180 words.

If the writing is **too short**, **1 point will be subtracted per 10 words under the minimum number** allowed. (in the above example - for every 10 words below 180)

If the writing is **too long**, **1 point will be subtracted per 10 words over the maximum number** allowed. (in the above example - for every 10 words over 275)
